

truly beanie

This Truly beanie is the perfect companion to the Truly Wrist Warmers. This pattern is suitable for beginners and you will be surprised at just how easy it is to make. I have chosen to use this gorgeous Indie Dyed yarn, but you could substitute with any Aran weight yarn and play around with colours for individuality.

pattern notes

Chain 1 does NOT count as stitch unless otherwise stated.

When working your slip stitches in the brim, ensure your stitches aren't too tight as this will make working into the following row difficult.

The beanie is worked from the bottom up.

When changing colour, this will be done when joining to the first stitch with a slip stitch. Insert hook to join and pull through new colour.

The non-working yarn will be carried up the work. Please do not fasten off your yarn unless stated.
